

Pro Heavy Duty Sealant Gun

Heavy duty professional sealant gun, built for ultimate power and durability.

Fully welded barrel

Mechanism allows higher force application- ideal for today's 'heavy duty' silicones and sealants

Welded and rotating barrel accepts up to 400ml cartridges. Barrel allows rotation to ensure long continuous clean beads with minimal effort

High thrust trigger action with adjustable screw

Ergonomically designed dipped trigger handle, support the hands when applying pressure. Ideal for outdoor working environments
