

# Appliance Tower Configuration

## Single Oven & Warming Drawer

Brand: Miele

\*trim top fascia to 36mm

### IMPORTANT:

Dimensions for the shelf positions are to the centre of the stud fixing hole. Re-positioning/drilling of new shelf stud positions may be required.

Shelf configurations are identical for standard height and tall options. For tall options, a 180mm top box is fitted to the top of the tower (upper door hinge position moves into the top box side panel)
