

Benefits

- LED technology for long service life
- Simplified installation process
- Great value due to the re-usability of cut sections

Key Features

- Male and female end for simple installation
- Cut the strip once and re-use the cut off section using the cut joining connector
- Suitable for use in multiple areas – including plinth, over/under cabinets
- Can be cut to length every 50mm
- IP54 rated - Limited ingress of dust and protected against sprays from any angle

Product overview

The Viva 3 is a versatile flexible strip that is sure to be a great addition to any style of kitchen.

Available in warm, natural and cool white, the lighting can be tailored to your kitchen style and materials. Cool white is better suited to contemporary kitchen designs, whereas warm white is better suited to traditional styles.

Many of the tried and tested features from the Viva 2 have not been changed due to popular demand, however, the new model has been upgraded to have 3M VHB (very high bond) adhesive tape for secure installation and it is now available in 5 meter reel.

Technical Specification

Wattage	3.6W/m
Voltage	24V
Light output	460 Lumens per meter
Lumens per Watt (Efficacy)	127
Colour rendering index	≥80
Distance between cut marks	50mm
Beam angle	120°
Number of LEDs per meter	120
Colour Temperature	Warm white: 3000 Kelvin
Connector	No Connector
Tape	3M VHB
Operating Temperature	+5°C ~ + 55°C

Mechanical Specification

Product Name	Dimensions (mm)	Weight (g)	IP Rating
Viva 3 – Warm white – 1m	H2.5, W8, L1000	20	IP54
Viva 3 – Warm white – 2m	H2.5, W8, L2000	45	IP54
Viva 3 – Warm white – 5m	H2.5, W8, L5000	115	IP54
