

Benefits

- Easy to use and install
- 1 light – 3 colour temperatures
- Ideal for under cabinet lighting
- LED technology for long service life
- Energy saving (good lumens per watt ratio)

Key Features

- A contemporary, slimline, under cabinet spotlight
- Bezels attach via magnets
- Innovative etched prismatic design completely diffuses light
- Superb lumen output for a flood of light

Product overview

Featuring a vast light source to maximise the distribution of light, the Horizon Triotone is an elegant source of task lighting that will enrich any kitchen design.

Triotone[®] technology enables the fitting to switch between three colour temperatures via a switch hidden underneath the magnetic bezel, a feature that has proved to be incredibly popular as the light can be tailored to all styles of kitchens, therefore reducing the need for multiple SKU's.

Another great benefit to the Triotone[®] functionality is that the colour can be switched easily after installation, which is ideal if a customer decides to refresh their kitchen with a different colour scheme.

Finally, the product features a high-quality stainless-steel bezel to unify with other kitchen appliances and provide a premium appearance and feel.

Mechanical Specification

Product	Dimension (mm) L x W x D	Weight (grams)	IP Rating
Horizon Triotone [®]	100 x 115 x 7.5	100	20

Technical Specification

Power	3.6W
Voltage	24V
Light Output	319lm
Color Temperature	3000K 4000K 5000K
Lumen per Watt	88.61lm/w
Operating Temperature	5°C to 45°C
Cable Length	1.5m
Material	Bezel: Stainless Steel Body: Plastic
