

All the taste, Half the time

A succulent roast chicken, a creamy Dauphinoise, a rich beef casserole - all achieved in just half the time a conventional oven would require. The CombiQuick oven is the faster way to exceptional flavours and exciting dishes, combining hot air fan cooking with the speed of a microwave to give you the mouthwatering finish and

Product Benefits & Features

Microwave-grill combination. Fast Cooking with a crisp finish

Combine the power of a grill and the efficiency of a microwave, with Fast Cooking. Melt mozzarella-topped toasties, or harden a crème brûlée's sugared lid, all in the microwave. Versatile cooking, mastered.

- Oven with integrated microwave function
- Multifunction combines Ultrafan® fan cooking with other cooking functions, meaning you can choose the best setting to suit your cooking needs
- Fast heating
- Electronic temperature control
- Temperature suggestion
- Automatic weight programmes
- Automatic safety switch off oven function
- Residual heat indicator and use
- Air cooled doors
- ISOFRONT® PLUS cool oven door
- Multilingual oven display

Functional. Integrated. Personalised. Smart Kitchen

Remotely manage your oven, explore our various partners, and even get personalised cooking assistance, all via the My AEG Kitchen App. It's the convenient and easy way to enrich your Smart Kitchen experience.

Pre-heat quicker. With Fast Heat Up

Make more of your time with the Fast Heat Up setting, pre-heating the oven 40% quicker than conventional models. Enjoy minimal waiting before beginning a bake, for great results on your schedule.

Intuitive oven cooking. With the EXCite Touch Display

The EXCite Touch Display provides access to a wide variety of oven functions to suit every dish. It also makes it easy to adjust oven temperature and timings. And gives you direct feedback, and highlights the most important information.

Cooked evenly everywhere

With this oven, using energy efficiently also means cooking efficiently. It has a new convection system called SurroundCook, which ensures hot air circulates evenly throughout the oven cavity. The result is that the oven heats up faster and cooking temperatures can be reduced by up to 20%, saving you both time and energy

Product Specification

Nordic_Series_and_Themes	8000 FLEXI
Nordic_Oven_MarketingName	CombiQuick
Colour	Matt Black
Nordic_OV_Cleaning	Clean enamel
Cavity coating	Grey Enamel
Cavity Size (L)	43
Energy class	No
Dimensions (mm) (HxWxD)	455x595x567
Dimensions (Built-in, mm)	450x560x550
Largest Surface area	1424
Temperature range	30°C - 230°C
Maximum Microwave output (W)	1000
Grill element power, W	1900
SE_Oven_Timercolor	White
Noise	52
Cord Length	1.5
Total electricity loading, W	3000
Voltage (V)	220-240
Required Fuse	16
PNC	944 005 010
EAN number	7332543993611
