

H102P

100cm Traditional Chimney Hood

- **100 cm Chimney hood**
- **Recirculation carbon filters included**
- **Suitable for both extraction and re-circulation**

- Mechanical Control - Push Button
- 246-325-640 m³/h extraction capacity
- 49-63-70 dBA noise level
- 2 x 3W (max) LED lights
- Total Power Consumption (W):216 watts
- Average Energy Consumption of the Hood per Year:94.30 kilowatt-hours
- Overall Energy Efficiency Class:C
- Fluid Dynamics (Motor) Efficiency Class:D
- Lighting (Lamp) Efficiency Class:A
- Grease Filtering Efficiency Class:C
- Declared Sound Power According to Energy Regulation:70 dBA
- Three grease filters included

H: 0cm **W:** 100cm **D:** 50cm
