

ASL1442V

Thanks to Beko's NeoFrost™ Dual Cooling technology, this American style fridge freezer maintains optimal humidity conditions in the fridge and a dry freezer environment, reducing odour transfer and keeping your food tasting and smelling fresh. To help keep your food fresher for longer, this fridge freezer features our state-of-the-art HarvestFresh™ technology, which preserves the vitamins in your fruit and veg for longer. The handy LED display allows you to control the temperature without having to open the door, helping to save time and energy.

- **Neofrost Technology**
- **HarvestFresh**
- **Touch control LED display**

- Neofrost technology uses two separate fans and evaporators to provide faster cooling and better humidity, to prolong the storage life of fruit and vegetables and ensures no transfer of odours.
- Harvestfresh Innovative 3 colour light technology in the salad crisper drawer, cleverly mimics the natural 24 hour sun cycle to preserve vitamins in your fruit and veg for longer.
- Advanced electronic touch control LED display gives you complete control at your fingertips without ever having to open the doors, saving you time and energy.
- Side LED Lighting - Find exactly what you're looking for quickly and easily thanks to our side LED lighting which illuminates each individual shelf as well as offering brighter, more durable and energy efficient lighting than standard.
- Door open alarm will sound if you accidentally leave the door ajar.
- Air Flow Cooling vents in the fridge and freezer maintain an even temperature on every shelf level and rapidly restores the temperature after the door has been opened.
- Fast freeze setting quickly freezes fresh food to preserve the taste and nutrients.
