Zanussi	HZA7100	Integrated Microwave & Grill	H389 X W596 X D400	x	x	✓

HJA7030 wall unit microwave note:

- The depth of our HJA7030 Lamona wall unit microwave includes the 35mm fascia which sits in front of the cabinet (i.e. only 285mm depth is within the cabinet)
- Therefore even some other microwaves have a smaller depth, (e.g. HBH7300), these will not fit into our standard 290mm wall units.
